**NARROW ESCAPE
OF MEX. LEADER**

MEXICO CITY, May 27. (By Mail).—One of the exciting incidents preceding the revolt against President Carranza was the escape of General Benjamin Hill, chief lieutenant of General Alvaro Obregon, who fled from the capital hidden in a pile of sacks in a milk wagon.

General Hill vanished from the capital on the same night as did General Obregon April 13. The wagon in which Hill was hidden was stopped by the police in the suburbs of the capital because it did not carry a light. While the driver was bribing the policeman to pass the lightless vehicle, General Hill dropped out of the back of the wagon and hid in the shadow of a building until the policeman was mollified. Then the general crawled back into the wagon and continued his flight.

Mystery surrounding the fate of Roberto Cejudo, to testify in whose trial General Obregon was summoned to the capital, furnished one of the tragic high lights of the Carranza evacuation. With General Arnulfo Gonzales, captured by Carranza government agents near Nuevo Laredo on April 30, and the aged rebel General Gaudencio de la Llave, Cejudo was taken from the military prison of Santiago Tlateloco here the night of May 6 when the Carranza adherents fled. Whether he was taken on the Carranza trains the next day and escaped, or whether he was executed, together with the two others, remains a mystery. None of them have been located although several other generals, arrested prior to the evacuation, have returned to Mexico City.

Cejudo was arrested, with his staff and 150 followers, at Jalapa, V. C., on March 28, after he had surrendered, received amnesty, been given the rank of general in the Mexican army and placed in command of a district near Jalapa, where previously he had led a revolt against the Carranza government for six years. He was charged with surrendering merely to secure arms and munitions with which to aid Felix Diaz.

The Carranza government charged that he had offered to aid Obregon but Obregon, in an interview given the Associated Press, branded the Cejudo charges as a scheme to bring him to Mexico City, involve him in charges of treason and block his campaign for the presidency.

The progress of Ygnacio Bonillas, formerly Mexican ambassador to the United States and Carranza's candidate for the presidency, from the Mexican embassy in Washington to a camp in the jungles of Vera Cruz and back to a prison in Mexico City was marked by stirring episodes. He is reported here to have figured in a shooting affray which occurred on March 28 near Tlalpam, a suburb of Mexico City, which the papers supporting his candidacy intimated was an attempt to kidnap him.

The special train carrying him to Guadalajara was stopped near the city by a missing rail. He reached Guadalajara safely but the incident

**SAGE TEA TURNS
GRAY HAIR DARK**

IT'S GRANDMOTHER'S RECIPE TO BRING BACK COLOR AND LUSTRE TO HAIR

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundred fold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

**YAKIMA FRUIT GROWERS
START BOX FACTORY**

PORTLAND, June 15.—Instead of paying mill prices for boxes, fruit growers of the Yakima valley will build their own. Construction has started and machinery is arriving here for a box factory in the Kenton industrial district which will manufacture 12,000 apple boxes a day, working two shifts. For the purpose of operating this factory and reducing the cost of packing apples, the growers have organized the Bode Lumber company, of which they are the owners and managers.

COTTON AT 85 CENTS

LUBBUCK, Tex., June 15.—A bale of long staple cotton grown on irrigated land at the state experiment farm here sold at 85 cents a pound. The superintendent of the farm says the cotton was a portion of the crop raised on a one and half acre tract which averaged a bale to the acre. The tract was irrigated in the early spring before planting time and again from time to time after the plant began to materialize.

OLD HOUSE BURNED

COTTONWOOD, Cal., June 15.—A house built in 1846, declared to have been the oldest dwelling in Shasta county, was destroyed recently by fire. It formerly was ranch headquarters for one of the early day Spanish grants extending from the present site of Redding to Cottonwood.

NEW DANCE PAVILION

ROCKAWAY, Ore., June 15.—Surf bathers who are chilled by the waters of the Pacific may restore their circulation in a dance pavilion which is being constructed here. A movie show is also going in across the street from the church.

was the basis for numerous alarming reports. Then came his flight from Mexico City with Carranza, starting May 7 and ending in a dash from the beleaguered trains on May 14.

His good fortune saved him from death when Carranza was slain in the camp at Tlaxcalantongo and he was brought here to be imprisoned until the provisional president decided his fate.

When Captain Felipe Sanchez Carranza was captured near Texaco, a suburb of Mexico City, after he had been injured while making a forced landing in his big bombing plane, he shot himself. Captain Sanchez was a nephew of President Carranza. He attempted to reach Vera Cruz via the air route when Mexico City was evacuated on May 7.
